Northwest Permanente is proud to announce a strategic partnership with [Forest Park Conservancy](#) (FPC) for 2018. As a B Corp and an organization focused on the health and well-being of its employees and their families, NWP is pleased to partner with FPC, which restores and protects the 5,200-acre wooded, city park that lies just a couple of miles from downtown Portland.

Join us as Renee Myers, Executive Director of FPC, discusses the threats to Forest Park's health and FPC's long-term vision to restore the urban forest. Renee will also discuss the importance of forming a strategic partnership with NWP and what activities are planned for 2018.
