

Northwest Permanente Wellness Passport Guidelines

January - March 2017

Financial: Do you know your credit score?

Know your credit score

If you're concerned about maintaining good financial health you already know how important your credit score is. After all, lenders and landlords check your credit to decide whether to give you a loan or a place to live; insurance companies use your credit score to set your premiums; even employers are checking credit reports these days as part of the application process. Sites such as: freecreditscore.com and creditkarma.com let you check your credit score for free (checking your credit score does not lower it).

To fulfill this passport item, find out your credit score and send a blacked out version via picture or print out to NWPWellness@kp.org or via interoffice mail to NWP Wellness – KPB 16. Remember to black out actual credit score related information.

Please submit all documentation to NWP Health & Wellness, KPB 16
or e-mail us at: nwpwellness@kp.org
