Viticulture at Armstrong Vineyard

Join grape-grower and NWP urologist, Doug Ackerman, at Armstrong Vineyard for an afternoon of fun, collegiality and 'wineducation'. Doug and other experts will be on hand to answer questions about wine culture, the development of the vineyard, details regarding the AVA (American Viticultural Area), soil, climate, vines and wines. Wine tastings, light appetizers and tours of the vineyard will be available.

This event is free and open to all NWP employees, families (and crowd-friendly leashed dogs).

Saturday, July 13th
