

Northwest Permanente Influenza Passport Guidelines

October - December 2019

Step 1: Flu shot declination

Flu Shot Declination

As part of the nationally bargained Influenza Masking Policy and KPNW Influenza Prevention Policy, the region has chosen to formally implement the flu declination form process.

Employees who choose not to receive a flu vaccine must complete the online influenza declination form and print the declination form for their manager. Getting a flu shot is really a workplace and patient safety issue. The more people who receive a vaccine, the more immunity we can build in our community and care delivery system.

If you have a medical condition, allergy, or religious reason that you are unable to receive a flu shot, complete the vaccine declination form below and send an email to nwpwellness@kp.org stating you've completed the declination.

Flu Vaccine Declination Form

Please submit all documentation to NWP Wellness, KPB 16
or e-mail: nwpwellness@kp.org
